A Message from Our Founder

Building Strong Workforces. Creating Lasting Opportunities.

Why I Started Cam Employment Services

Growing up, I watched my mother work tirelessly to provide for our family. She taught me that success comes through perseverance, integrity, and a willingness to work hard, even when life is challenging. Those lessons shaped who I am today.

As I entered the workforce, I experienced firsthand how difficult it could be to find meaningful employment. Later, I watched my own children eagerly search for summer jobs year after year, only to face disappointment when opportunities were limited. Through my work with Kamille Foundation, I also met many single parents, newcomers, and individuals who desperately wanted to work but simply needed someone to believe in them and open a door.

Those experiences inspired me to establish Cam Employment Services Inc.

My vision was never simply to create another staffing agency. I wanted to build a company that creates value for both employers and job seekers, helping businesses find dependable employees while giving hardworking individuals the opportunity to build better lives.

Today, every successful placement represents more than filling a position. It means a business can continue to grow, a family gains financial stability, and another person has the opportunity to move forward with confidence.
